# IDEA/APPROACH

*Ministry/Organisation name: A.I.C.T.E*

*Problem Statement: Portal to know about various National and International scholarships based on merit, study field, income etc.*
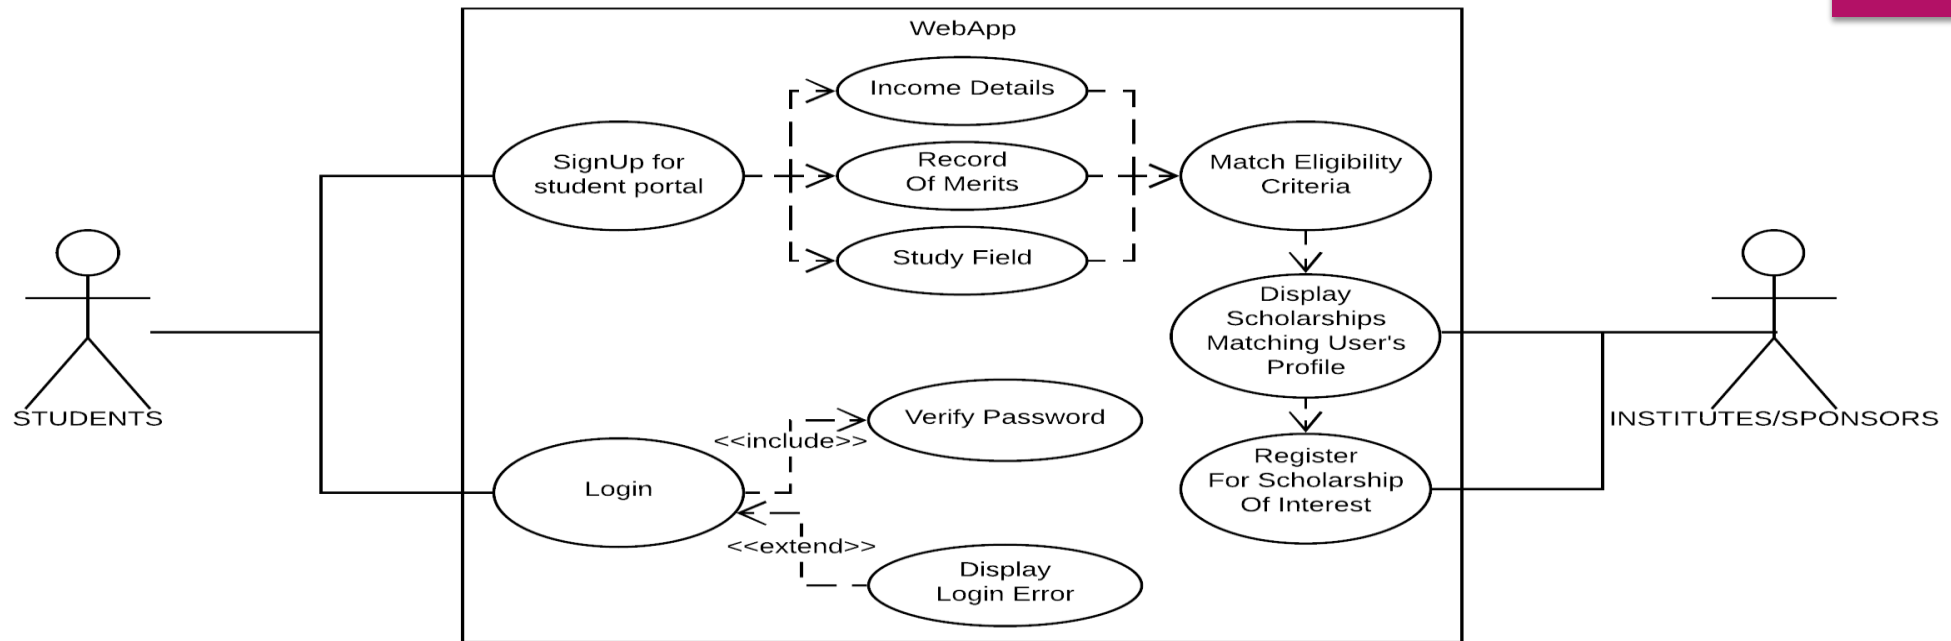

*Team Name:GNDCEA-14*

*Team Leader Name: Sahil Mehra*

# Desciption:
**The motive is to connect all the deserving students from all backgrounds to a common Web Portal , where they can get various updates about national and international scholarships and get themselves enrolled for the same.**

# TECHNOLOGY STACK:

- ❖ **FRONTEND:** *HTML , CSS , BOOTSTRAP, JAVASCRIPT , JQUERY , ANDROID SDK(ANDROID STUDIO)*

- ❖ **BACKEND:** *SQL , JSON , AJAX , DJANGO*

- ❖ **OTHERS: USING API'S FOR FETCHING DATA**

**DEPENDENCIES**
To proceed with developing this webapp, institutes/sponsors must provide details and updates of scholarships and their respective eligibility criterias which we will store in database
